## College Information

Use this sheet to find information on your selected college/university. Be sure to be as detailed and specific as possible. This should be as detailed as necessary to fulfill requirements of both oral presentation and written paper. If you need more space, please use additional paper to ensure questions are answered appropriately.

College: \_\_\_\_\_

Find out some information about your specific career choices. Make sure you find information in all these areas:

1. Basic Information: Name, address, phone number, and web address of university. Is the school on a quarter or semester system? Where is the university located? Is it in a large city, small city, town, etc, (give a population of the region)? How many students attend the university?

2. Tuition: How much is tuition at the university for both in-state and out-of-state students? How much is tuition for part time students versus full time students? What fees make up tuition (ASB, Medical, etc.)? Calculate tuition per semester/quarter for the university.

3. Housing: What options are available for housing? List and detail all options for on campus living. How much does housing cost? How much are meal plans? Which meal plan would you choose and why? What do the housing options look like? What option do you like best and why?

4. Majors: Identify at least five interesting majors from the university. What major are you interested in and why? What classes do you need to take at the university for the major? What careers are a possibility with that major? What career interests you and why?

5. Entrance Requirements: What are the average SAT/ACT scores to get in to the university? What is the acceptance rate for the university as a whole? What is the average GPA for admitted students? Where do you fit for this school's acceptance averages?

6. Graduation Rate: What is the rate of students graduating from the university per year? This percent will often be for the course of 6-years. Find the graduation rate for four, five, and six-years.

7. Demographics: What are the demographic breakdowns of the school (i.e. what ethnicity groups are there and what percentage attend the college)? How many teachers (faculty) does the university have and what is the teacher-student ratio? How many males and females attend the university? What is the average age of students at the university?

8. Clubs and Activities: What clubs and activities are available to you? How many fraternities and sororities are on campus? How many students are involved in Greek Life? What intramural or club sports are available? Is there a fitness center on campus? How much does it cost? Identify at least five clubs or activities that you would be interested in joining or participating in and why you are interested in these five.

9. Contact: Contact this university along with four other universities through e-mail and ask for information regarding admissions and your specific program. Any e-mail communication must have Mr. Evans CC on the e-mail. You must provide proof of contact in order to receive credit for contacting the university (e.g. information mailed to you by the university).

10. Thoroughly explain why you picked this university.
