

How to get into College: Children's Book

Directions: Throughout AVID, the goal has always been to teach you more about the ins and outs of getting into college as well as helping you achieve your goals. Either by yourself or with a partner of your choosing, you are to create a Children's Book that explains how to get into college. Here are some of the requirements that must be present in your book:

- Explain what college is
- GPA/Good grades
- College Application
- SAT and/or ACT
- FAFSA (Financial aid)
- A-G eligibility
- Scholarships

Remember, this is a children's book. The language should be modified so that even a 5-year-old can understand this. In children's books, there are several illustrations throughout the story and yes, you will need to create a story that makes sense as well as have a title page.

You will have the remainder of the week to work on this as well as next Tuesday. It will be submitted via Canvas by the end of the day on Tuesday, January 19th. Because we are in distance learning, this can be done digitally or by hand. If you choose to work with a partner, only one person needs to submit the assignment. Whoever submits the assignment, just put in the comments section who it is you worked with. This is worth 150 points. Have fun with this!
