

Imperialism vs. WWI

Political Cartoon Analysis

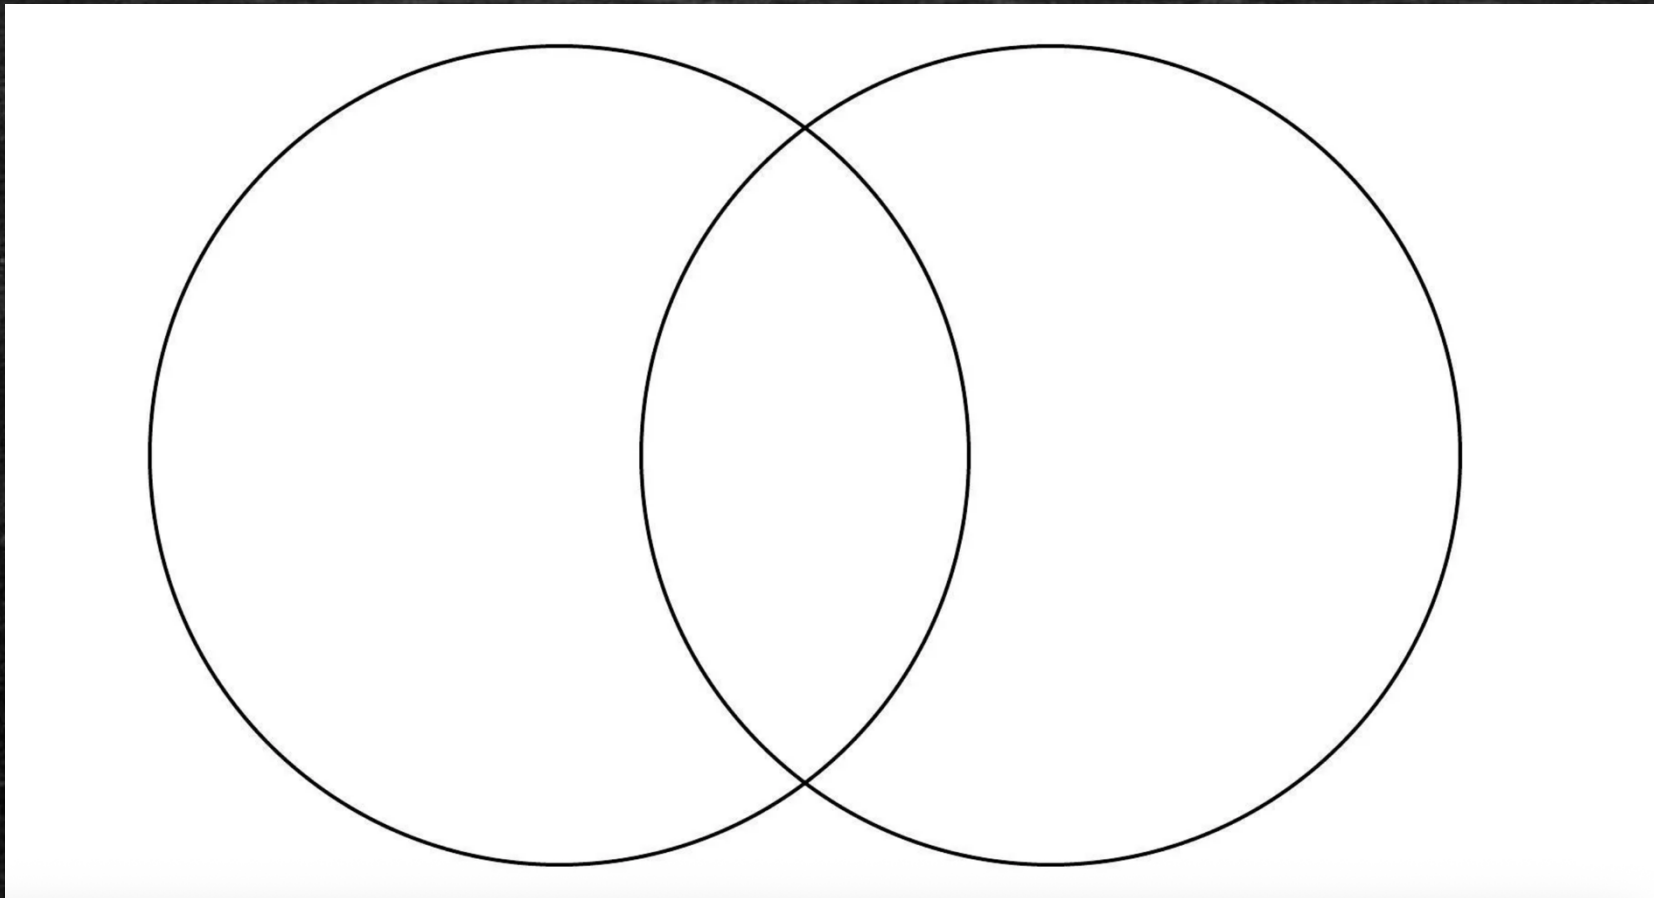

Propaganda Example

Imperialism vs. WWI

- Each group will get a packet of two propaganda posters/cartoons: one about Imperialism and another about WWI. Your job is to compare/contrast the two posters. You will be placed in groups of 3. Create a Venn Diagram in which you'll compare/contrast the two cartoons. You'll need to write down 4-6 points for each section. Things to think about:
 - • What is the purpose of the posters?
 - • Are they similar or different in their purpose?
 - • How are the posters supposed to make people feel?
 - • Look at the colors, images and meaning behind the posters
 - • Is it misleading? Is it bias? Is it telling the truth?
 - • Look at techniques used: labeling, exaggeration, symbolism or irony
