

Job Descriptions

- ▶ Since you have just finished your Resumes, you will now begin to prepare for your job interview.
- ▶ Your task will be to research what jobs are available in your area (there are **TONS** of places hiring). In a word document, list 5 companies that are hiring, what job they are hiring for and why you believe you would or would not qualify for the position. Each job title/description should be a paragraph (5-7 sentences).
- ▶ Afterwards, we, as a class, will decide what your mock interview will be for. It will be a minimum wage job as that is the job most of you will qualify for.
- ▶ This will be due by 8:30 a.m. on Thursday, April 21st.
