RECONSTRUCTION

Were African Americans really free?

RECONSTRUCTION

- In your groups (which you have chosen), you will analyze and discuss the 6 documents in relation to Reconstruction.
- As a group, you will use the 6 documents and fill in the answer sheet to go with. Each group member **WILL** need to complete the answer sheet as that is what's being stamped.
- As a group, based on the documents presented to you, you will decide whether or not African Americans were free during the Reconstruction period. Have one person write the response and be prepared to share it with the class. There is no write or wrong answer to this question.
